## ●Highly Water Resistant And Fade Proof

When dry, water spillage will not cause ink to run. The Pigment ink used in the Artline Drawing system is fast drying, giving dense black and vivid red and blue lines with clean edges.

## ●General Information

- Available in six (6) different line widths in black, red and blue ink.
- Features sharp, concise, clean edge lines on tracing and art paper.
- Water based ink will not "bleed" through paper and is odourless.
- Extra fine nibs 0.1 and 0.2 require light pressure only and is recommended to use these in a near vertical position.

## ●Writing Widths

ITEM	0.1	0.2	0.3	0.4	0.6	0.8
Writing Width (mm) (Approx.)	0.25	0.30	0.35	0.40	0.60	0.70
